

Total Assurance Program

Solutions and support with the flexibility you need

TOTAL ASSURANCE ACROSS YOUR EQUIPMENT LIFECYCLE

Nilfisk's Total Assurance Program (TAP) helps you do what you do best - run your business - by giving you the equipment you need, and the professional support you value, for a single fixed, monthly fee.

EQUIPMENT

Nilfisk offers an industry-leading portfolio of reliable, high-quality solutions that help solve any cleaning challenge.

Maximize your cleaning performance with professional equipment that leverages the newest technology, available with the flexibility your business requires.

New and used machines available to meet your contract needs
Valid on all battery operated equipment
12-/24-/36-month terms to meet your business requirements

SERVICE

Nilfisk technicians are dedicated to delivering support that safeguards performance and uptime.

Automatic scheduling of quarterly maintenance visits (wear parts included)

Repair coverage, including batteries, in the event of breakdown

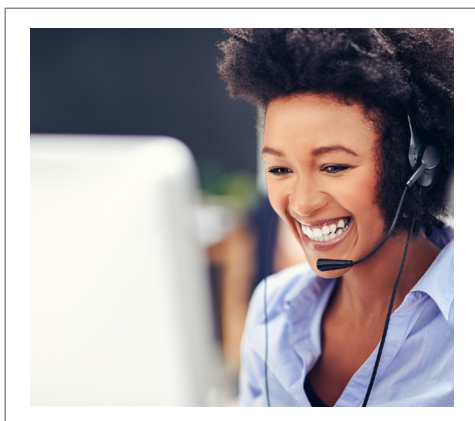

Telephone support from a single number: full maintenance reporting, tracking, and history

SUPPORT

Nilfisk supports initiatives that protect your employees and facilities. We know that business can undergo unexpected change, so our services are designed to adapt as your needs shift.

Program can be exited after 12, 24, or 36 months
Move CAPEX to OPEX without asset depreciation
No storage requirement for non-utilized assets in event of contract loss
Fixed costs communicated each month
Battery coverage for duration of contract term
